

## Course Dates...

You tell us!

During Covid we offered bespoke dates one to one or for small groups and this proved to work so well we plan to continue!

We believe this makes us unique.

So long as it is mutually convenient and allows enough time for home study/ registration of the Assessment – **you choose your date.**

Really is as simple as that. No premium for one to one sessions, nothing hidden. You simply discuss direct with us to come up with a suitable date – whether it be one to one or for a group ( no minimum size ).

This isn't the way that any other DSC1 provider works – so far as we know. There is no catch, it is simply a case that we are able to offer this service and it has proven to work for both us and the customer.
